FROM THE SHERIFF

Office of the Sheriff: Washington County 500 Western Maryland Parkway Hagerstown, MD 21740-5199 Sheriff Douglas W. Mullendore

OFFICE: 240-313-2101 FAX: 240-313-2105

Email: dmullendore@washco-md.net

Dear Citizens,

This year has been an extremely challenging year for law enforcement and corrections. The COVID-19 pandemic has brought new challenges never faced before. We took steps immediately to reduce the effects of the pandemic on the Sheriff's Office and we have been able to continue full operations throughout the year despite these challenges.

The 2021 legislative session brought about drastic changes for law enforcement to include the repeal of the Law Enforcement Officer's Bill of Rights and the implementation of a new Police Accountability Law. The Sheriff's Office experienced a loss of over 15% of it's sworn deputies because of this legislative change. The hiring and retention of personnel, both law enforcement and corrections, has been a challenge.

The opioid addiction continues to be a significant problem and the root of much of the crime in Washington County. We have been working with our Criminal Justice System partners to address this problem. COVID-19 has caused an increase in the number of Opioid overdoses and deaths which completely wiped away the progress we had made in dealing with the Opioid crisis.

The Day Reporting Center (DRC) has maintained operations throughout the pandemic and has been holding individual and small group counseling sessions during the entire time. The Detention Center has been working to fulfill the legal mandate to implement Medical Assisted Treatment for any inmate identified with an opioid addiction.

Construction is progressing on the Public Safety Training Center with a completion time of the Spring of 2022. We look forward to the completion of Phase 1 so we can begin using the classrooms and other facilities for our Police Academy as well as in-service training for our law enforcement and corrections personnel.

Rest assured that the Washington County Sheriff's Office is doing everything within our power to provide a safe environment in which to live and work in Washington County.

Sincerely,

Sheriff Doug Mullendore

Doug Mullendone

CENTRAL BOOKING

On May 10, 2010 Central Booking became fully operational. All police officers making an arrest in Washington County now bring their arrestee to the Central Booking facility. The officer completes the information for their charging document and turns the arrestee over to the Central Booking personnel and they then return to patrol our streets. This takes about 30 to 45 minutes as opposed to the 3 to 4 hours it previously took to process arrestees.

The Central Booking personnel complete the rest of the processing and walk the arrestee over to the District Court Commissioner's area for their hearing on commitment. The District Court Commissioners are located in the same facility as Central Booking. This means that the arrestee is transported to Central Booking from the site of arrest and then do not have to be transported any further. This provides a more efficient means of processing and limits the escape risk of individuals who are arrested.

The Central Booking Office processed 2,807 arrestees in 2021. Of the arrestees, 1,338 were committed to the Washington County Detention and 1,469 were released.

JUDICIAL SERVICES DIVISION

By law, the Sheriff of Washington County is charged with the responsibility of providing a safe environment for everyone (visitors, employees, witnesses, jurors, judges, prisoners, etc.) who enter the Circuit Courthouse located at the corner of Summit Ave. and W. Washington St. in Hagerstown, MD. In order to achieve these duties, the Sheriff has appointed a competent staff of sworn law-enforcement and court deputies, a security staff and civilian clerical personnel who are assigned to the Judicial Services Division.

COURTHOUSE PROTECTION & SECURITY

The Court Security Unit is responsible for maintaining a uniformed presence in and around the courthouse and screening all persons, packages and parcels entering the courthouse. This unit consists of four (4) uniformed law enforcement deputies, four (4) uniformed court security deputies and four (4) part-time civilian court security personnel.

Located inside the entrance to the courthouse is a "walk-through" metal detector and an x-ray machine, which is used to scan articles carried by persons entering the courthouse. This station is manned between 7:00 a.m. and 4:30 p.m. each day the courthouse is open. It is also manned and utilized during special events such as public meetings held in the courthouse after normal business hours. The Courthouse is also equipped with 96 closed-circuit cameras, which monitor courtrooms, offices and common areas. These cameras are monitored in the Control Center by one of the civilian court security personnel during business hours. The metal detector is staffed by two civilian court security personnel and a uniformed deputy sheriff. During 2021, a total of 64,731 people were screened entering the courthouse.

PRISONER TRANSPORT

A portion of the judicial personnel's duties involves the daily transportation of adult prisoners being held in the Detention Center to the Circuit Court for trial. Judicial personnel are also responsible for these prisoners while being detained in temporary holding cells located within the courthouse. Upon conviction, judicial personnel return these prisoners to the Detention Center.

COURTROOM SECURITY

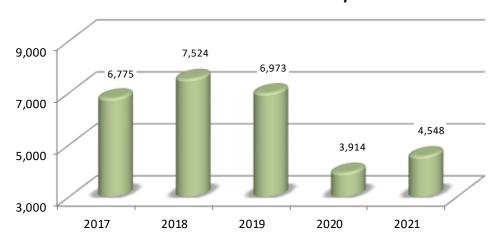

There are six Circuit Court Judges who preside over trials involving civil, criminal and juvenile matters and a Family Law Master who conducts hearings on matters dealing with family law. Two deputies are assigned per court-room and one with the Master. It is felt the mere presence of the uniformed deputies provide a deterrent factor and has a tendency to maintain order during the trials.

COUNTY ADMINISTRATION BUILDING SECURITY

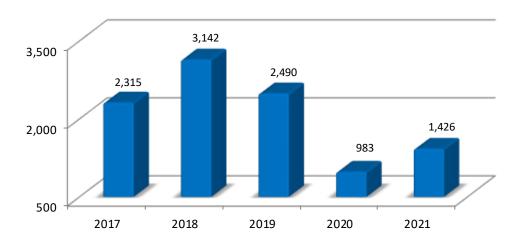

A deputy sheriff is assigned to provide security screening of visitors to the County Administration Building during business hours. Security is also provided for evening meetings when requested.

During the calendar year 2021, the Sheriff's Office received 7,907 summonses for service and served 9,683.

CHILD SUPPORT ENFORCEMENT FEDERAL GRANT

Until July 1, 2001, the Sheriff's Office received \$30.00 per process (warrants & summons) served. On July 1, 2008, the County entered into a contract with the State of Maryland entitled "Actual Cost Reimbursement" which provides grant funding to the Child Support Unit, which is renewed each year. Two (2) full-time and one (1) half-time deputy sheriff positions are responsible for attempting and serving child support summonses and warrants and two (2) Office Associates are responsible for entering and maintaining those summonses and warrants.

The Child Support Unit is supervised by the Warrant Task Force supervisor and their warrant statistics are part of the overall W.T.F statistics.

WARRANT TASK FORCE

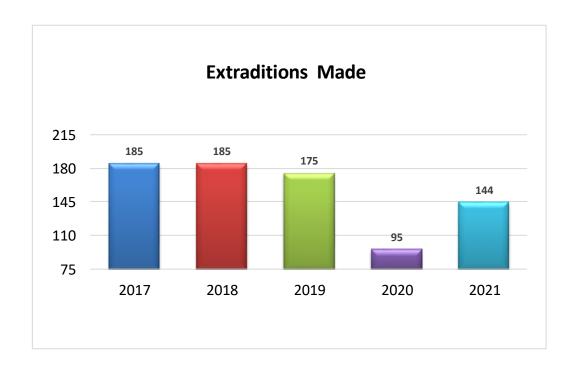

The *Washington County Warrant Task Force* was formed on January 1, 2009. The Task Force is supervised by a Sergeant from the Sheriff's Office and consists of four (4) Washington County Sheriff's Office deputies, two Hagerstown Police Department officers and one trooper from the Maryland State Police.

The Child Support Unit of the Sheriff's Office is also part of the Task Force, which consists of two deputies. Three civilian support staff members are responsible for receiving and the timely entry of all warrants and civil orders, which are maintained at the Sheriff's Office.

The Task Force is responsible for attempting and serving all warrants, criminal summonses and Peace Orders issued in Washington County and also those received from allied police agencies for persons living or working in Washington County. The Task Force is also responsible for all extraditions/transports of wanted persons who are located outside of Washington County.

INMATE VISITING

In July 2011, the Washington County Detention Center implemented a Video Visitation System for inmate visitation with family and friends. The Video Visitation System uses computer screens and telephones so that the inmate can remain on their housing unit but still be able to visit with their family and friends. Visitors must logon to the system to schedule their visit which allows them to visit at more convenient times for them.

In addition, the Video Visitation System has allowed the Maryland Parole Commission to conduct parole hearings remotely so that the Commission can hold hearings in a timely manner with all inmates who are entitled to parole hearings. Prior to the implementation of Video Visitation, the Parole Commission had to travel from Baltimore to Hagerstown to hold parole hearings. This prevented them from holding parole hearings with the inmate in a timely manner as required by law.

7,493 visits were conducted at the Detention Center in 2021!

CLASSIFICATION UNIT

The Detention Center is required to house inmates having a variety of criminal charges, cultural, social and educational backgrounds, and personal needs. An Initial Classification Interview, an information gathering process is conducted for each inmate. During this process, Classification Counselors assess an inmate's current charges, sentence/bond status, criminal history, medical/mental health history, and housing requirements. Orientation to facility rules and regulations and institutional functions also occurs at this time. Classification Reviews are periodically conducted to determine if modification of an inmate's current status is appropriate. Once compiled, the information is used to assign housing, program access, and in making institutional work assignments. Classification Counselors provide a vital information link between the inmate population, courts, and other judicial system agencies.
